D4-9X PACKAGE

SKU 5175321

DESCRIPTION

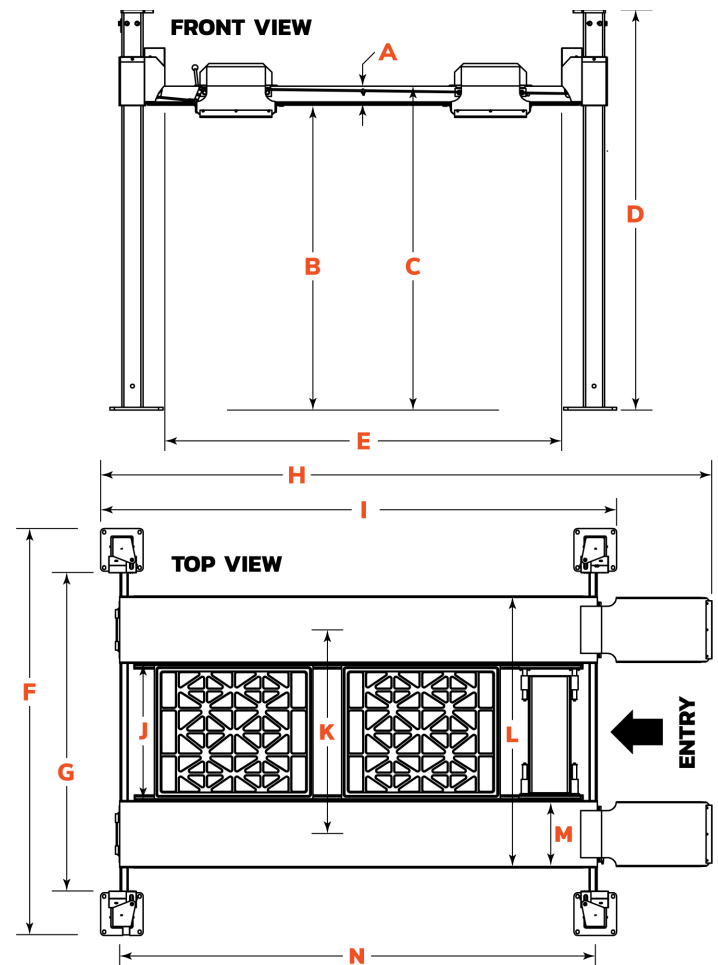

9,000-lb. Capacity / Four-Post Lift / High Rise, Extended Length / Includes Caster Kit, Drip Trays and Aluminum Ramps

If your vehicle has a longer wheelbase such as a long bed or crew cab truck, you might want to consider the Danmar D4-9X. The runway length is 198" so it will easily accommodate a long wheelbase, plus it's rated to lift 9,000 lbs. The dimensions of this lift make it about two feet longer than most other four post lifts.
