

DT-50A TIRE CHANGER

SKU 5140157

DESCRIPTION

Swing Arm Tire Changer / 12"-26" Rim Capacity / Assist Tower

Dannmar's DT-50A swing-arm, tire changer is equipped with a useful power-assist tower that tackles the challenges found when replacing lower-profile performance tires with stiffer sidewalls. And with its non-tilt back design, it can be installed flush against walls. The swing-arm on the DT-50A is one of this tire changer's most useful features.

SPECIFICATIONS
