

# OFFSET PAD ADAPTERS

SKU 5601179

## DESCRIPTION

### *Offset Pad Adapters / 35 mm Pin / Set of 4*

Dannmar's offset lift pad adapters reach difficult frame contact points. When racking a vehicle, there may be an exhaust system, aftermarket suspension, or truck side-steps impeding lift arm access. Dannmar's offset adapters are designed to improve geometric pivoting motion at the lift's contact pads by 200%. This provides the extra swing angles to target the frame's safe lifting points. Note, that this product only works on lifts that accept 35 mm adapters, and can only be combined with a similar 35 mm adapter.

## SPECIFICATIONS

Model	Offset Pad Adapters
Fits	Two-Post Lifts
SKU#	5601179
Pin Diameter	35 mm
Pin Height	43 mm
Offset Receiver Height	1.75" (44 mm)
Offset Center Distance	1.5" (38 mm)
