TALL ADAPTERS

SKU 5215752

DESCRIPTION

5.5" Tall Stackable Adapters / 35 mm Pin / Set of 4

Dannmar's Tall-Height Adapter Pins are great for positioning the height of a two-post lift for difficult to reach lifting points on trucks, vans, or full-size SUVs. With today's wide-ranging variety of undercarriages, exhaust systems, or other chassis attaching accessories, a standard vehicle lift may not be equipped to reach and contact necessary frame lift points without taller pad pins to reach higher. These Tall Adapters can solve that problem.
