# JP45 JACK TRAY

## SKU 5215825

### DESCRIPTION

*4,500-lb. Capacity Telescoping Jack Tray for 4-Post Lifts / Adjustable*

To give your lift even more flexibility, Danmar offers the JP45 bottle jack tray. This runway spanning and rigid tray makes it simple to lift the vehicle off-the-suspension for repairs. By placing one or two equal bottle jacks (not included) suitably on the tray and under the chassis lifting points, raising the vehicle for repairs that require a free hanging suspension is possible.
